2. All items have minimum bids noted on the bid sheet. If a minimum bid is not met, the item remains the property of the La Cañada Flintridge Educational Foundation. Only authorized Auction Officials may decrease the minimum bid amount. You are encouraged to check on your bids throughout the evening to confirm the latest bid and to give you a chance to increase your bid on any item.

3. Items will be awarded to the last, highest Bidder on the bid sheet at the time of closing. In the event of a contested item, the last two individuals appearing on the bid sheet may participate in a "bid-off" conducted at the table at the time of closing. Bidders must be present at the table in the event of a bid-off. An Auction Official will conduct the bid-off, and his decision will be final.

4. Winning Bidders will be notified of their Silent Auction winnings during dinner, and payment will be collected at that time. For your convenience, volunteers are available to accept payment for auction merchandise at your table.

## Live Auction Guidelines

1. When you wish to bid on an item in the Live Auction, raise your paddle high so that it is visible to the Auctioneer.
2. Once the Auctioneer has declared "Sold", the sale is final. The person making the final bid, as announced by the Auctioneer, will be responsible for signing a receipt, indicating acceptance of the bid and the sale price.

## Paddle Pledge Guidelines

1. When you wish to make a pledge, hold up your paddle until your number is called by the Auctioneer.
2. Paddle pledges will be collected at the conclusion of the auction program. To expedite service, tables will be set up outside of the ballroom after the Live Auction exclusively to receive pledge payments.

## Auction Purchases and Paddle Pledges

All auction purchases, paddle pledges and donations of any kind made in connection with **THE DISCO BALL** will be included in determining the Donor Level that will be published in the La Cañada newspapers next Fall.

# **Paddle Pledge**

## **In Support of the LCUSD Technology Purchase Master Plan**

Funds raised during tonight's Gala Paddle Pledge will once again be dedicated to supporting the District's Technology Purchase Master Plan. Our goal is to raise \$60,000 in this one night toward the cost of a significant upgrade in the District's technology infrastructure.

### **Benefits for Our Children**

Our children are growing up in a world that is fast-paced and interconnected. Electronic distribution of information in text, graphics, and video format has replaced printed means in all areas of communication, commerce, and research, while the breadth of information easily accessible on any topic has expanded exponentially. In today's Information Age, access to up-to-date computer systems is a vital component of a quality education.

### **What Have We Accomplished?**

Over the past three years, the Foundation has provided \$240,000 from the paddle pledge and Annual Fund toward technology needs, supplementing \$135,000 of District funds. With these funds:

PCs are now replaced on a regularly scheduled basis, ensuring that students have access to reliable computing resources.

The speed of internet access at all sites has been significantly upgraded. Prior to the upgrade, all 4400 students, as well as faculty and staff, shared a single connection equivalent in capacity to a home cable-modem.

### **Where Will Tonight's Dollars Go?**

With additional Foundation support, the District will be able to further improve access bandwidth by moving to optical fiber technology. This will immediately **increase district internet access speed by more than 3x** while also enabling us to meet future bandwidth requirements. Students will now be able to virtually visit the Louvre and view in full color and detail the paintings from the Masters without fighting each other's computers for bandwidth. Classes will now watch a live video feed of a volcanic eruption in Alaska or Hawaii and interview a USGS vulcanologist in real time. Teachers will focus on teaching, and students will remain engaged in research and learning without the limitations of the technology infrastructure getting in the way.

Cost: \$330,000 over three years  
District Budget: \$150,000  
Shortfall: \$180,000 (\$60,000 a year for the next three years)

**Please join us in supporting this essential component of our children's education.**

*Should funds raised exceed the Master Plan budget, other District needs will be assessed for support.*

## **Centerpieces**

Tonight's centerpieces were designed to follow the "**DISCO BALL**" theme. Each centerpiece features a rotating, reflective Disco Ball with colored lights shining up from underneath to create a whimsical sparkling effect. This fun centerpiece can be purchased for \$25 by signing up and paying at the front Check In desk the night of Gala.
